

THE HOPUP™: THE MOST VERSATILE COLLAPSIBLE DISPLAY SYSTEM

Combining style and speed, the Hopup™ Tension Fabric display's integrated fabric graphic makes it one of the fastest, easiest, and most popular displays on the market. Hopups are used for advertising and promotion at press conferences, events and tradeshows, in retail and grocery stores, hospitals and medical clinics, movie theaters, home offices and so much more!

HOPUP™ TENSION FABRIC DISPLAY

The Hopup is the ultimate lightweight, collapsible display system.

- **Versatile.** Use the Hopup for press conferences, in-store/business promotion, for the home office, as a green screen, for events and more!
- **2-Minute Set Up.** Simply open the frame, connect the locking arms, and the pre-attached graphic tensions as the frame expands.
- **Wrinkle Resistant.** The tensioned fabric ensures the display is taught and wrinkle-free.
- **Easy Storage.** Simply collapse the display and place into the canvas carry bag. Lightweight, portable, easy to travel with and fits into small storage spaces.
- **Variety of Sizes.** Comes in sizes ranging from tabletop size to 5ft, 8ft, 10ft, 20ft and 30ft wide.

The ultimate display step and repeat backwalls for promotional use.
