

It's Nice to Have Options!

MODify™ Retail Merchandising System

Unlike any other Retail Merchandising System in the marketplace, MODify™ incorporates SEG push-fit fabric graphics, enabling you to design and replace graphics improving the longevity and value of your structure.

It's as Easy as 1. 2. 3...

01 *pick* your Base

Choose the kit you like & imagine the branding and messaging you can incorporate on the graphics! Choose from three color finishes for the kit – white, black or silver.

White

Black

Silver

02 *design* your Graphics

The SEG push-fit fabric graphics allow you to incorporate any fabric color, texture (even woodgrain!) pattern, message or brand. Easily change for different messages and for the change of seasons!

03 *accessorize*

Accessorize with shelves, hang bars, slatwall hooks, faceouts, waterfalls, towel bars and more. Mix and match and maximize value.

04 *merchandise*

Decorate with merchandise and start to sell!

rinse. wash. repeat.

New season, new brand, new look? Print new graphics and add different accessories to support your merchandising needs.

The MODify™ system gives you countless options to configure and bring your brands and products to life. Modify is made in North America, ship quick and are simple to assemble.
