

Hybrid Pro Modular Kit 03

Top Selling HYBRID PRO MODULAR KITS

Hybrid Pro™ Modular Kits are a series of sophisticated and reconfigurable exhibit backwalls, kits and counters that feature aluminum extrusion frames and push-fit SEG fabric graphics. Hybrid Pro Kits are available in 10ft and 20ft inline exhibits, as well as 20ft island displays.

Impactful & Sophisticated

10' x 10' MODULAR BACKWALL KIT 03

Our 10ft wide Hybrid Pro Modular Kits offer a clean, sophisticated look. Light boxes and fabric graphics make messages and brands POP. Add complimentary counters for reception.

Many Hybrid Pro Modular 20ft exhibits reconfigure to 10ft versions, increasing the value and lifecycle! Frames have a lifetime warranty, fabric graphics are easy to change out, and accessories such as monitors, counters and kiosks can be mixed and matched.

20' x 20' MODULAR ISLAND KIT 17

Hybrid Pro Island Kits are perfect for the serious exhibitor! Kits include towers, storage areas, monitor kiosks, and large, seamless fabric graphics for ample branding and messaging!

Modular COUNTERS

Complement your exhibit with a Hybrid Pro Modular counter. These counters come in various styles, colors, and sizes, and include accessible storage and locking doors.
