

# A UNIQUE & INNOVATIVE SOLUTION

The Vector Fast Frame™ line includes lightweight, portable, simple to assemble display solutions for ultimate ease of use. All four products feature a collapsible frame and vibrant SEG push-fit fabric graphics.

## Backlit Banners

← magnetized sides allow you to connect banners side by side

The Vector Fast Frame™ Light Box is an illuminated collapsible display that sets up in seconds! This portable solution comes equipped with pre-attached lights, SEG graphics, and magnetized sides to create backwalls and backdrops.

# Non-Lit Banners

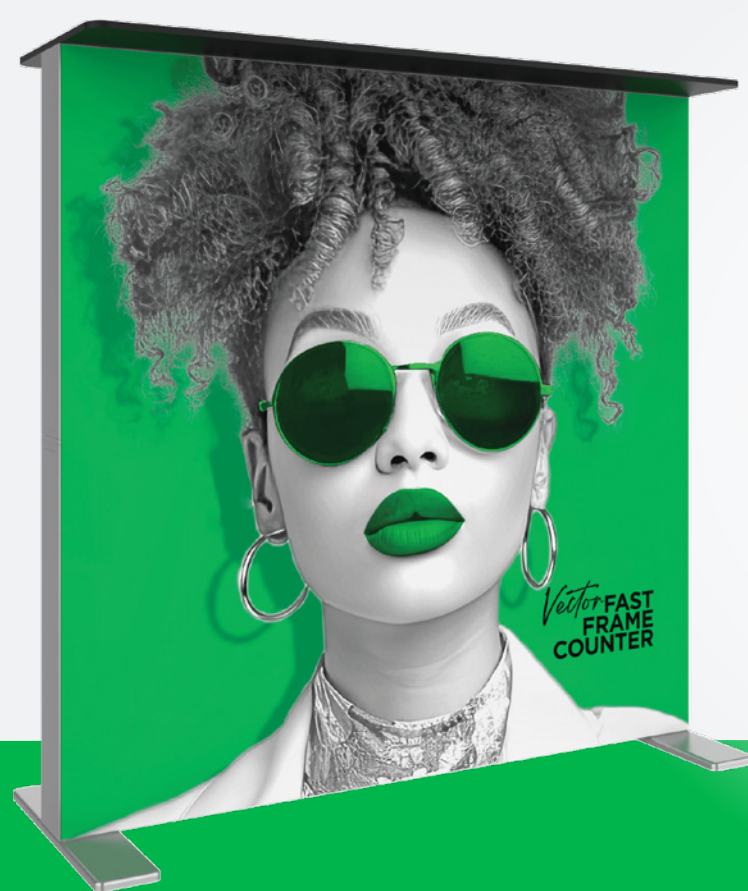

*Collapsible frame  
sets up in seconds!*

These two non-lit banners also feature a collapsible frame that is super easy to assemble and SEG graphics. Versatile, portable, and toolless, setting up these displays is a breeze!

# Backlit Counter

This illuminated, collapsible counter delivers a vibrant pop to branding and messaging. The frame has pre-attached LED lights and is finished with a laminated countertop for a sleek appearance.
