

Decorate **THAT DOUBLE DECK**

Renting a Double Deck Rental maximizes your floor space! The Double Deck can be decorated with SEG graphics to emphasize branding and messaging. Enclose the meeting areas or leave open; use as interactive, experiential attractions and spaces. There are so many design and decorating options with the Double Deck.

OPEN & AIRY

In this project, the space above and below the deck was kept open for meeting and collaboration areas. Graphics on the interior and exterior walls reinforced key messages about various products.

CLOSED & PRIVATE

Two decks were integrated into this 40' x 50' exhibit, and above and below were private meeting rooms, decorated with graphics and specialty lighting.
