

CREATE UNIQUE *Wall Frames and Light Boxes*

Elevate any event and professional setting with the stunning and versatile Vector Frame™ Freestanding Light Box and Vector Frame Edge SEG Frame System. Both can be customized to meet your brand's needs!

VECTOR FRAME *Freestanding Light Box*

Vector Frame Freestanding Light Boxes can be configured to a maximum size of 20ft wide and 10ft high. Multiple lighting, packing, and graphic options are available.

VECTOR FRAME *Edge*

The Vector Frame Edge SEG Frame System features a slim-profile silver frame that holds push-fit silicone edge fabric graphics. It is a simple frame system for permanent application in commercial interiors, retail stores, restaurants, educational institutions, and more!

Frames can be configured to a maximum size of 30ft wide and 10ft tall.
