COLLAPSIBLE BACKWALLS

If you need portable, collapsible display backwalls that set-up fast and make an impact, we have good news! We have three standout solutions—each designed to fit a different budget, visual need, and level of functionality.

Here's a simple Good / Better / Best breakdown to help you recommend the right fit every time.

Good **XCLAIM FABRIC POPUP**

A versatile, dimensional option with fast setup and eye-catching style.

- Pre-attached stretch fabric graphics for instant set-up—just expand and go
- Lightweight collapsible frame with magnetic locking arms for easy assembly
- SEG beaded graphics for adjustable graphic placement, creating unique dimensional layouts

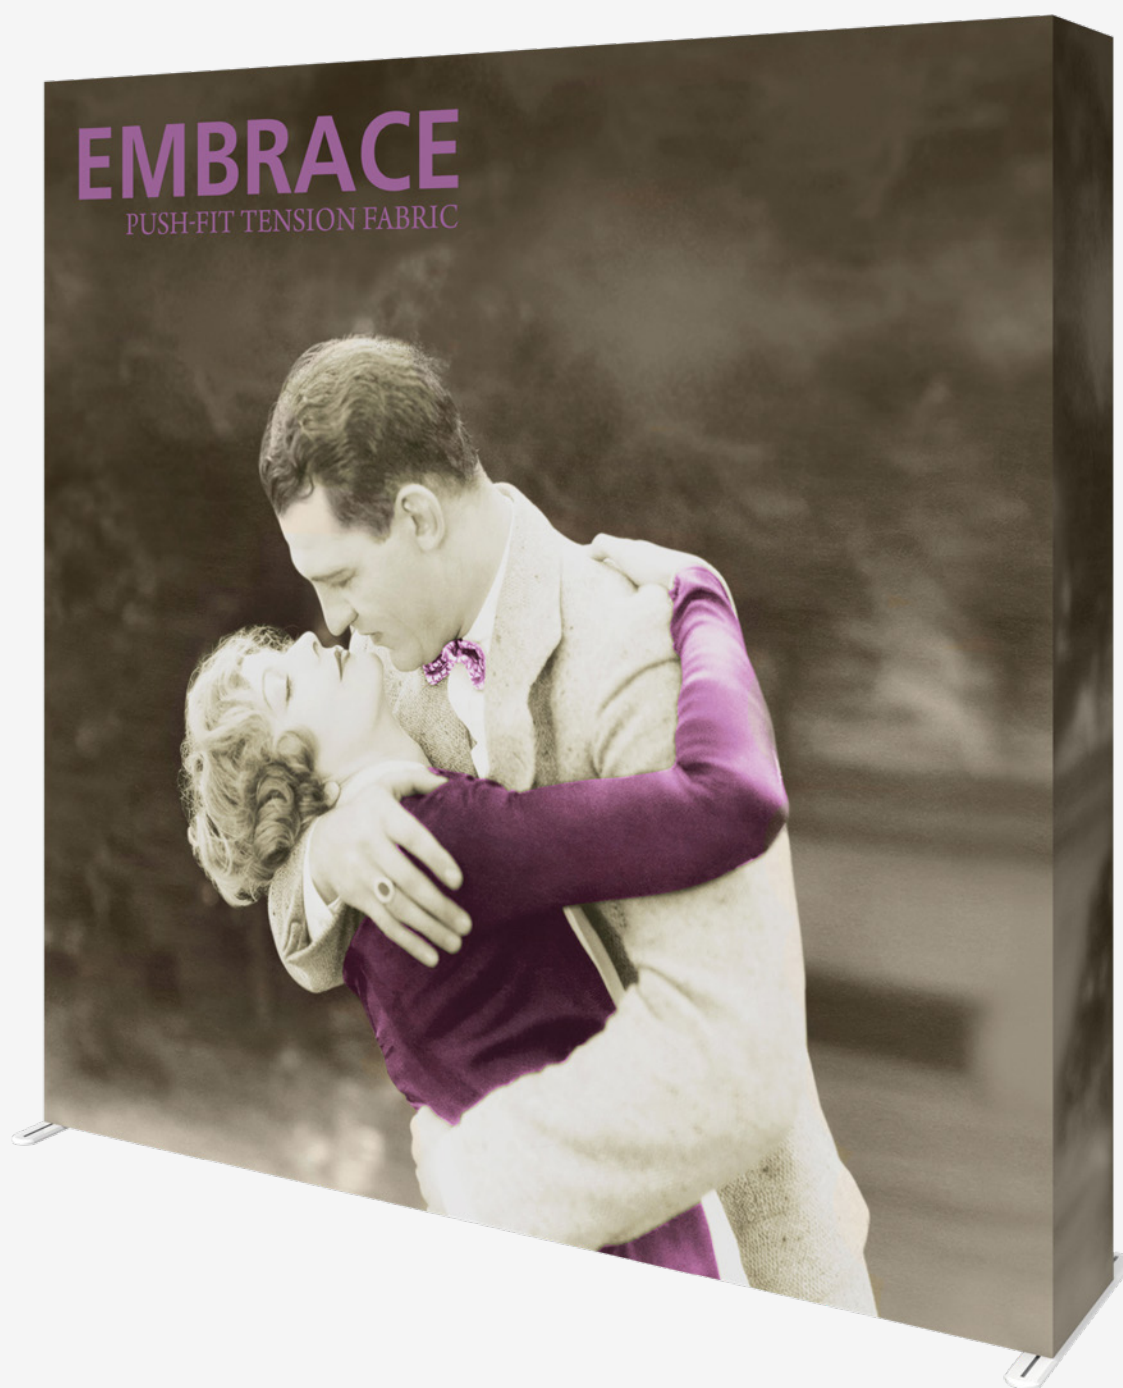

Better

HOPUP TENSION FABRIC DISPLAY

Our most popular large format portable backwall-fast, seamless, and visually smooth.

- One of the fastest displays on the market thanks to graphics pre-attached to the frame
- Lightweight, durable structure that expands instantly for easy transport and use
- Available in straight and curved options
- “Full fitted” graphic (graphics with End caps) options are available to conceal the frame, add branding space, and create a more polished appearance

Best

EMBRACE™ PUSH-FIT TENSION FABRIC DISPLAY

A sophisticated collapsible backwall with sleek SEG push fit graphics.

- Crisp, modern appearance with seamless SEG push-fit fabric graphics
- Collapsible frame available in backlit options
- Wide range of shapes and sizes from tabletop to tall, even “L” & “U” shaped options
- Offers accent options like monitor mounts, floating shelves, and more
