

# *Outdoor Display Solutions* TENTS, FLAGS, & SIGNS

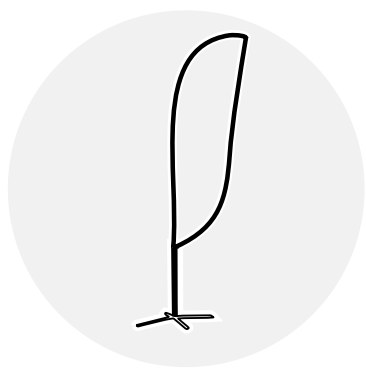

Summer is prime time for connection. From outdoor markets and festivals to sporting events and community gatherings, branded environments help businesses stand out, spark interaction, and leave a lasting impression.

Whether providing shade, attracting attention, or guiding attendees, outdoor displays transform open spaces into memorable brand experiences.

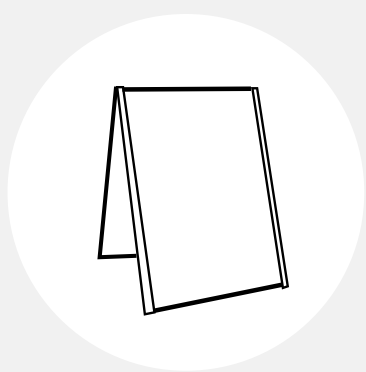

## CREATE A DESTINATION *with tents*

Create a strong, functional presence at street fairs, farmers markets, corporate outings, and live events. Ideal for information hubs, demos, and check-ins, tents encourage visitors to gather, connect, and stay longer.

## CAPTURE ATTENTION *with flags*

With eye-catching movement, flags attract attention, build awareness, and direct attendees. Perfect for marking entrances, retail promotions, and event pathways, they create a sense of energy near and far.

## GUIDE, INFORM & CONVERT *with signs*

From storefronts and entrances to restaurant lines, signs spark curiosity, guide visitors, reinforce messaging, and promote key offers; attracting traffic to the next interaction point.
