ORBUS HOSTS SPRING BOOT CAMP DISPLAY TRAINING PROGRAM

Woodridge, IL- March 8, 2018: Orbus Exhibit & Display Group®, one of North America's leading trade suppliers of display, exhibit and event solutions is hosting its annual spring Boot Camp display training program on April 26th and 27th at its headquarters facility in Woodridge, IL. Orbus' Exhibit & Display Boot Camp is ideal for tradeshow, sign and promotional industry veterans as well as those who are new to the industry. These training sessions combine classroom style learning with hands-on display assembly sessions and educational facility tours for a one-of-a-kind event in the promotional products arena.

During the two day program, attendees receive extensive training and insight into Orbus' display manufacturing and production process. Participants can get a deeper knowledge base of how to build their business with Orbus by connecting with field sales representatives and strengthening relationships.

The first day of Boot Camp starts with attendees taking a tour of Orbus' 350,000 sq. ft. manufacturing facility and office space. The tour consists of visits to Orbus' set-up area, graphics and printing area and wood and metal fabrication area. Throughout this tour, attendees are educated about all of Orbus' capabilities and the benefits of so much happening under just one roof. After the tour, attendees are broken up into groups for hands-on training sessions led by expert members of Orbus' Sales team.

The second day takes attendees on a journey through Orbus' custom exhibit process. Day two focuses much more on modular and fabric structures, and educates attendees on the entire design and manufacturing process that goes into custom exhibits. After the event, attendees receive a certificate for the successful completion of training.

If you are interested in attending this free hands-on and educational training experience, contact Kate Kincaid, kate@orbus.com for registration information, or visit <http://www.orbus.com/boot-camp-rsvp/> to register online.

About Orbus
