

Orbus Quality and Environmental Policy

Management and employees of Orbus LLC, representing the following brands – Nimlok, Orbus365, Origin, and SignPro Systems – are committed to an integrated quality and environmental policy which focuses on working to seek quality standards that meet or exceed expectations.

Recognizing that the world’s natural resources are limited and fragile, Orbus LLC considers environmental protection to be consistent with its overall goals and values. We strive to minimize our impact on the environment in the design, manufacture, and storage of exhibition stands.

The objectives concerning quality and environmental monitoring are annually set and periodically verified.

In order to fulfill this policy, Orbus has implemented and maintains an Integrated Management System per the ISO9001 and 14001 standards.

The management team of Orbus LLC is committed to:

- Compliance with relevant legal environmental legislation, regulations, and other applicable requirements.
- Promoting the prevention of pollution.
- Continual improvement the quality and environmental management systems.

To achieve this goal, all employees must strive to constantly improve the quality of Orbus products and services. Orbus is committed to helping them succeed through training, evaluation and recognition.
